

Youth Subcommittee

2011 Jan-June Outreach Action Plan

What is our goal for the year?

Bring more youth to the Subcommittee with the intention to create youth community leaders and advocates

How are we going to do this?

Develop a packet of outreach materials that include:

- Document that brings BoR and EPAP together
- Presentation (this needs to be interactive, with equal emphasis on delivering information and getting feedback from participants)
- Create a survey (paper or SurveyMonkey?) to find out more about what youth see as priorities
- Website
- ¼ page flyer

Schedule presentations at local high schools and youth programs; this could include a presentation to the sun schools (more of a focus group approach)

Discuss having a table in lunchrooms

What is our timeline?

Do an initial presentation at the April general EPAP (**Marie to speak with Lore**)

Schedule presentations at DDHS, PR, Fir Ridge, Outside In, and PYB before the end of the school year (speak with Debbie and Karen about classroom contacts)

Review the idea of having a booth at the EPOEXPO in May/June

Review first half of the year, plan for late summer and fall outreach (June/July)

Who is responsible for what?

Create the overlap document: **Marie & Jessica** will get the draft sent to **Nancy** by Feb 8th; **Nancy** will edit and return by 12th; 1st set of revisions incorporated and bring to Feb 17th meeting

Work on website: **Marie & Jessica** - content, **Nancy** to proof; 1st set of revisions done and incorporated by March meeting

Presentation: **Randy & Kris** will handle the details, but the entire committee will review the overlap document & work out the presentation outline; goal is to get 1st revisions completed during the March meeting; close to final draft will be reviewed at the April meeting

Schedule presentations: **Marie** will talk to Karen and Debbie; **Kris** will reach out to Fir Ridge; **Nancy** may do some outreach to SUN schools and HAP but will clarify in Feb and March meetings
